

SUMMER INTERNSHIPS for CLASS XI (2025-26)

1. Summer Internship in Collaboration with The Times of India

This initiative offers students a valuable opportunity to gain a hands'-on experience and an in-depth understanding of journalism and the editorial process. Participants will be trained by industry professionals, enabling them to develop essential skills in news reporting, editing, and media ethics.

2. Summer Camp at IIT Delhi – Innovation & Incubation Center

A Hands'-on STEM & Future Tech Experience for students. It is an exceptional learning opportunity for the students—a 10-day immersive Summer Camp which offers a unique platform to explore and engage with cutting-edge technologies through hands'-on activities and expert-led sessions.

The program features two engaging tracks

Track 1: Robotics, IoT, and Artificial Intelligence

Track 2: Drone Technology and Aero Modelling

Our School has opted for Track 1, which provides an excellent foundation in automation, smart systems, and intelligent technologies.

Programme Highlights:

Expert guidance from IIT and NIT-trained professionals

Personal Lego-style hardware kits provided to each participant

Exciting competitions, prizes, and giveaways

Curriculum aligned with NEP 2020 and future skills framework

This is an opportunity for students to develop critical thinking, creativity, and problem-solving skills while gaining early exposure to future technologies in a fun and interactive environment.

3. Internship for Commerce students

An internship programme has been organised exclusively for Commerce students. This initiative aims to provide students with hands'-on experience and practical insights in the field of chartered accountancy. The internship will cover various aspects, including:

An overview of the CA profession

Practical exposure to working in a chartered accountancy firm

Group projects and research on stock markets

The programme will be conducted under the guidance of Mr Akshat Maheshwari, CA, a distinguished professional and eminent name in the field.

This internship represents a valuable opportunity for students to gain real-world knowledge and prepare themselves for future academic and career pursuits in the commerce stream.

4. Internship with CRY- Youth Change Champions (YCC) Summer Internship Programme

CRY (Child Rights and You) is one of India's leading non-governmental organisations, committed since 1979 to ensuring sustainable, long-term change in the lives of underprivileged children.

The Youth Change Champions programme is CRY's flagship internship initiative designed specifically for school students. It provides a platform for young minds to engage with like-

mindful peers and industry experts, and to explore avenues for meaningful societal contribution.

Participants will have the opportunity to:

Attend interactive masterclasses conducted by accomplished professionals across various sectors.

Learn how to become effective agents of change within their communities.

Contribute to CRY-led initiatives focussed on the welfare and development of underprivileged children.

This programme serves as an excellent opportunity for students to broaden their understanding of social issues and actively participate in initiatives that create real impact.

5. Internship Programme for Psychology students with Expressions India

This internship offers an excellent opportunity for aspiring psychologists to build a solid foundation, gain practical insights, and develop essential competencies for higher studies and careers in psychology.

The internship covers a range of foundational and applied topics in psychology, including:

A Comprehensive Overview of History Taking and Mental Status Examinations.

The Transition in Children and Adolescents: Neurodevelopmental Disorders

Neurosis and Psychosis Spectrum

Psycho education and Supportive Counselling: A Case Study Approach.

Basic Behavioural Research Methodology.

These internships will allow the students to gain valuable insights of different areas and it will help the children to enhance their skills and learn, watch, gather and apply knowledge in a hands on way.
