**Aliens Are
Coming, Says
Old-Age Home
Resident**

A seventy-year-old resident of the town's old age home claims to have seen an alien spacecraft over Gadbadnagar. Choudhakar Choudhakar Choudhakar, popularly called Choudhakar by fellow residents of the home, insists he has seen strange lights hovering in the night sky for the past two weeks. The lights,

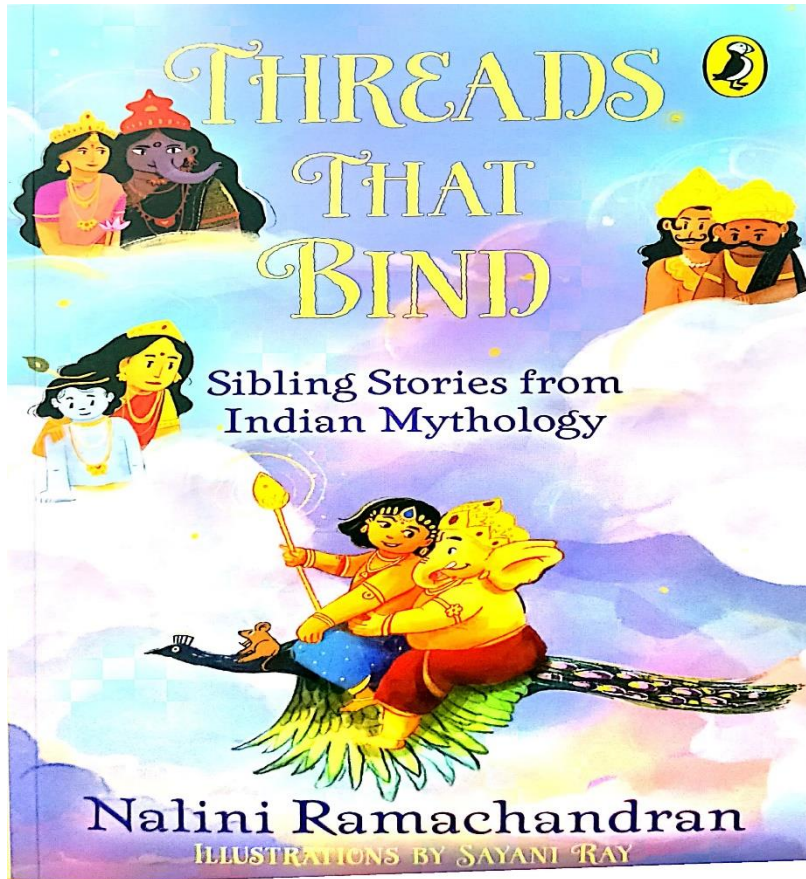

by his account, have hovered over the museum, the Mahatma Gandhi Park and the public library so far, and are signs that the aliens wish to land and establish contact with humans. "As they are lost and looking for directions, he added, "Someone needs to make them a good map."
